

NOTICE OF MOTION

FUND TO ESTABLISH AS HOME FOR ORPHANS AND THE AGED

Aware that the National Government has put up few homes for the Aged and orphans in some parts of the Kenya also some non Governmental Organizations have created facilities for these needy targeted groups in our society.

Further aware that every day leaders and especially Hon. Members of this House wake up every morning to face request for support from this group on daily basis.

Aware that the Old tradition of looking after the old is facing challenges due to immigration of the young people to towns and cities looking for employment or working far away from our tradition homes living the old parents to attend to themselves.

Further aware with the new technology, the youth and young families have no time to interact or communicate on the same levels with the old parents thus old people feeling neglected or rejected by their own children.

Aware that the economic situation does not give the young parents time to spend with the old parents. Leaving home in the early morning and returning late in the evening. There is therefore need for this group of people to be with their peer, who they can relate to on the same level, same stories and same understanding. Nyamira County does not have such facilities or homes.

I request this House to pass this motion and urge the Nyamira County Government to set aside 5% of its budget and start a descent home for the Aged and disadvantaged children who are total orphans.

Hon. Wilkister Onsando Date.....

Member of County Assembly.
